

ABA: 2255

SN

This is an axial PET scan of a human brain. The image shows a cross-section of the brain with various structures visible. The text 'ABA: 2255' is located in the top left corner, and 'SN' is in the bottom left corner. The brain tissue is represented by a blue color scale, with darker blue indicating lower activity and lighter blue indicating higher activity. The image is divided into four quadrants by a vertical and a horizontal white line.
