

ABA:67978734

Pir

The image displays a brain scan, likely a PET or SPECT scan, showing a cross-section of a brain. The brain tissue is represented in shades of blue, indicating low levels of activity. A prominent, localized area of high activity, shown in yellow and orange, is visible in the lower-left quadrant of the brain. This area is situated near the intersection of a vertical and a horizontal white grid line. The text 'ABA:67978734' is located in the top-left corner, and 'Pir' is in the bottom-left corner.
