The image displays a 2D spatial plot on a black background. A large, blue, butterfly-shaped region is centered, consisting of two rounded lobes extending horizontally from a central vertical axis. Two bright spots are visible: one at the top of the central vertical axis and another at the intersection of the central vertical axis and a horizontal axis. A thin white vertical line and a thin white horizontal line intersect at the origin, dividing the plot into four quadrants. The text 'ABA: 68161455' is located in the top-left corner, and the text 'Arc' is located in the bottom-left corner.
