

ABA: 68162205

Pn

The image shows a coronal cross-section of a human brain. The brain tissue is represented in a solid blue color against a black background. A thin, bright white line is visible on the right side of the brain, indicating a specific area of interest or a lesion. The brain is oriented horizontally, with the top of the head at the top of the image. The text 'ABA: 68162205' is located in the top left corner, and 'Pn' is in the bottom left corner.
