

ABA: 68162231

OB anterior

A fluorescence microscopy image of a brain section. The image is predominantly black, with a central region of blue fluorescence. This blue region is roughly butterfly-shaped, with a small, brighter cyan spot at the top center. A white crosshair is overlaid on the image, with a vertical line passing through the center of the blue region and a horizontal line passing through the middle of the image. The text 'ABA: 68162231' is in the top left, and 'OB anterior' is in the bottom left.
