

ABA: 68302380

VMH

This fluorescence microscopy image displays a coronal section of a brain. The image is divided into four quadrants by a vertical and a horizontal white line. The left hemisphere shows several bright spots of fluorescence, with the most intense being a yellow-green spot in the upper-middle section and another in the lower-left section. The right hemisphere is predominantly dark blue, indicating low fluorescence. The text 'ABA: 68302380' is in the top-left corner, and 'VMH' is in the bottom-left corner.
