Arc

This is an astronomical image of a galaxy, likely a barred spiral galaxy, shown in a false-color representation. The image is centered on a bright, elongated core that exhibits a color gradient from blue to yellow to red, indicating different intensity or temperature levels. The surrounding disk and spiral arms are predominantly blue. Two thin white lines, one horizontal and one vertical, intersect at the center of the galaxy, forming a crosshair. The text 'ABA: 68341250' is located in the top-left corner, and the text 'Arc' is in the bottom-left corner.
