The image displays a coronal cross-section of a brain. The left hemisphere (viewer's left) features a prominent blue highlighted area in the posterior region, likely indicating a specific anatomical structure or a region of interest. The right hemisphere (viewer's right) shows a similar but less intense blue area. A vertical white line runs down the center, separating the two hemispheres. A horizontal white line runs across the middle of the image. The text 'ABA: 68341932' is located in the top left corner, and 'Pn' is in the bottom left corner.
