

ABA: 68342153

Arc

The image displays a brain scan, possibly an MRI or PET scan, showing a cross-section of a brain. The brain tissue is highlighted in a vibrant blue color against a black background. A central vertical line and a horizontal line intersect at the center of the brain, likely representing the midline and a reference plane. The label 'ABA: 68342153' is positioned in the top left corner, and 'Arc' is in the bottom left corner. The brain structure appears symmetrical, with a central region of higher intensity or activity.
