

ABA: 68410243

VMH

A coronal brain section image, likely from a rodent, showing a blue-colored brain. A vertical white line and a horizontal white line intersect at the center of the brain. The text "ABA: 68410243" is located in the top left corner, and "VMH" is in the bottom left corner. The brain shows some internal structures, possibly the corpus callosum, and there are some lighter blue/yellowish spots, possibly indicating areas of interest or damage.
