The image displays a coronal cross-section of a human brain. A specific region in the left hemisphere is highlighted in a bright blue color, indicating an area of interest or activation. A white crosshair is centered on the brain, with a vertical line passing through the midline and a horizontal line passing through the base of the brain. The text 'ABA: 68545687' is located in the top left corner, and 'LH' is in the bottom left corner.
