Pir

A blue brain scan image, possibly an MRI or PET scan, showing a cross-section of a brain. The image is overlaid with a white grid consisting of two vertical and two horizontal lines, dividing the image into a 3x3 grid of nine squares. The brain tissue is represented in shades of blue, with some areas appearing brighter than others, indicating varying levels of activity or density. The overall shape of the brain is roughly oval, with a central vertical groove (sulcus) visible.
