

ABA: 68546482

SCN

A coronal brain scan image, likely a PET or SPECT scan, showing two hemispheres. The image is divided into four quadrants by a vertical and a horizontal white line. The left hemisphere (viewer's left) shows a prominent blue signal, particularly in the lower-left quadrant. The right hemisphere (viewer's right) shows a more uniform, lower-intensity blue signal. The label 'ABA: 68546482' is in the top left, and 'SCN' is in the bottom left.
