

ABA: 68637545

CA1

This image is a fluorescence microscopy scan of a brain section, likely from a rodent. The image is divided into four quadrants by a white crosshair. The left hemisphere shows a bright, localized area of fluorescence in the lower-left quadrant, which is labeled 'CA1'. The rest of the brain section is dark, indicating no significant fluorescence. The text 'ABA: 68637545' is visible in the top-left corner, and 'CA1' is in the bottom-left corner.
