Cb lobe

A brain scan image, likely a PET or SPECT scan, showing a cross-section of the brain. A specific region in the lower-left quadrant of the brain image is highlighted in a bright blue color, indicating increased metabolic activity or tracer uptake. The rest of the brain tissue is shown in a lighter blue or grey tone. A white grid is overlaid on the image, with a vertical line passing through the center and a horizontal line passing through the middle. The text 'ABA: 68637808' is located in the top-left corner, and 'Cb lobe' is in the bottom-left corner.
