

ABA:68798025

CA1

This is a fluorescence microscopy image of a brain section. The image is divided into four quadrants by a white crosshair. The left half of the image shows a bright, irregularly shaped region of fluorescence, primarily in shades of blue and cyan, indicating a high concentration of the fluorescent marker. This region is labeled 'CA1' in the bottom-left corner. The right half of the image is mostly dark, with a faint, uniform blue glow, indicating a low concentration of the marker. The label 'ABA:68798025' is located in the top-left corner.
