CA1

This is a fluorescence microscopy image of a brain section. The image is divided into four quadrants by a white crosshair. The left half of the image shows a brain section with a prominent, bright yellow-green fluorescent signal in the CA1 region, which is highlighted by a white box. The rest of the brain section on the left shows a blue background with some scattered yellow-green spots. The right half of the image is a solid blue rectangle, indicating no signal or a different experimental condition. The text 'ABA: 69028246' is in the top left corner, and 'CA1' is in the bottom left corner.
