

ABA: 69134244

OB anterior

A fluorescence microscopy image of a brain section. The image is divided into four quadrants by a vertical and a horizontal white line. In the left half, there are two distinct clusters of signal, one above and one below the horizontal line. These clusters show a gradient from blue to yellow-green. The right half of the image shows a single, larger, more diffuse blue signal. The text 'ABA: 69134244' is in the top left, and 'OB anterior' is in the bottom left.
