The image displays a coronal cross-section of a brain, rendered in a blue color scheme against a black background. A vertical white line bisects the image, and a horizontal white line intersects it at the center. The text 'ABA: 69262336' is positioned in the upper-left corner, and 'Pn' is in the lower-left corner. The brain's internal structures, such as the ventricles and sulci, are visible as darker blue or black regions within the lighter blue brain tissue.
