VMH

This is a fluorescence microscopy image of a brain section. The image is predominantly black, with a large, irregularly shaped region of blue fluorescence. This blue region is located in the upper-left and central parts of the image. A vertical white line runs through the center of the image, and a horizontal white line runs across the middle. The intersection of these lines is near the center of the blue fluorescent region. The text 'ABA: 69528094' is in the top-left corner, and 'VMH' is in the bottom-left corner.
