

ABA: 69549622

VMH

This is a fluorescence microscopy image of a brain section. The image is divided into two main regions by a vertical white line. The left region shows a complex, multi-colored pattern of fluorescence, with a prominent yellow and orange spot in the upper-middle section. The right region is a solid, uniform blue. A horizontal white line intersects the vertical one, creating a crosshair. The text 'ABA: 69549622' is in the top left, and 'VMH' is in the bottom left.
