

ABA: 69608887

Cb lobe

The image displays a blue brain scan, likely a PET or SPECT scan, against a black background. A white crosshair is centered on the image. The brain structure is roughly oval-shaped with a central vertical indentation. A bright, localized area of high intensity is visible on the left side of the image, near the top. The text 'ABA: 69608887' is in the top left, and 'Cb lobe' is in the bottom left.
