

ABA: 69735502

DG

This is a fluorescence microscopy image of a brain section. The image is predominantly dark blue, representing the background tissue. A bright, localized spot of light blue and white fluorescence is visible in the upper-left quadrant, indicating a specific area of interest. The image is overlaid with a white grid consisting of a horizontal line and a vertical line that intersect at the center. The text 'ABA: 69735502' is located in the top-left corner, and 'DG' is in the bottom-left corner.
