

ABA: 69782485

MG

A brain scan image, likely a PET or SPECT scan, showing a cross-section of the brain. The image is predominantly blue, indicating low activity, with a small, bright yellow/green spot on the left side, indicating a localized area of high activity or a lesion. A white grid is overlaid on the image, with a vertical line passing through the center and a horizontal line passing through the middle. The text 'ABA: 69782485' is in the top left corner, and 'MG' is in the bottom left corner.
