VMH

This is a fluorescence microscopy image of a brain section, likely from a mouse, showing the ventral medial hypothalamus (VMH). The image is divided into four quadrants by a vertical and a horizontal white line. The top-left quadrant is labeled 'ABA: 69817829' and the bottom-left quadrant is labeled 'VMH'. The brain tissue is stained with a blue fluorescent dye, and a bright blue spot is visible in the bottom-right quadrant, indicating a specific area of interest or a high concentration of the dye.
