Cb lobe

A brain scan image, likely a PET or SPECT scan, showing a cross-section of the brain. The image is color-coded, with blue representing lower values and yellow/green representing higher values. A vertical line and a horizontal line intersect in the center, dividing the image into four quadrants. The text 'ABA: 69873463' is located in the top left corner, and 'Cb lobe' is in the bottom left corner. The image shows a complex pattern of activity, with a prominent area of high activity (yellow/green) in the upper left quadrant, and a more diffuse area of activity in the lower left quadrant. The right side of the image is mostly blue, indicating lower activity.
