VMH

This is a fluorescence microscopy image of a brain section. The image is divided into two main regions by a vertical white line. The left region shows several bright spots of fluorescence, with the most intense being a yellow-green spot near the bottom left. The right region is mostly dark blue, indicating low fluorescence. A horizontal white line crosses the image, and a vertical white line runs down the center. The text 'ABA: 69981025' is in the top left, and 'VMH' is in the bottom left.
