

ABA:70201289

CA2/CA3

This is a fluorescence micrograph of a brain section, likely from a rodent, showing the CA2/CA3 region. The image is predominantly blue, indicating low fluorescence intensity. A small, bright yellow-green spot is visible in the upper left quadrant, suggesting a localized area of high fluorescence. The image is divided into four quadrants by a vertical and a horizontal white line. The text 'ABA:70201289' is in the top left, and 'CA2/CA3' is in the bottom left.
