

ABA:70230801

DG

A fluorescence microscopy image of a brain section. The image is divided into two main regions by a vertical white line. The left region shows a bright blue, irregularly shaped area, likely representing a specific brain structure or cell population. The right region is a solid, dark blue area. The image is labeled 'ABA:70230801' at the top and 'DG' at the bottom left.
