

ABA:70305090

CA1

This is a fluorescence microscopy image of a brain section. The image is divided into four quadrants by a vertical and a horizontal white line. The left half of the image shows a brain section with a prominent, bright, curved structure in the upper left quadrant, which is likely the CA1 region of the hippocampus. The rest of the brain section on the left shows some smaller, less intense fluorescent spots. The right half of the image is mostly dark, indicating a lack of fluorescence in that area. The text 'ABA:70305090' is in the top left corner, and 'CA1' is in the bottom left corner.
