CA1

This is a fluorescence microscopy image of a brain section. The image is divided into four quadrants by a white crosshair. The left half of the image shows a complex, multi-colored pattern of fluorescence, with a prominent yellow-green area in the upper left quadrant. The right half of the image is predominantly blue, indicating a different fluorescence signal or a control region. The text 'ABA:70305634' is located in the top left corner, and 'CA1' is located in the bottom left corner.
