

ABA:70474053

SPa ventral

The image displays a fluorescence microscopy scan of a SPa ventral view. The field of view is divided into four quadrants by a central vertical and horizontal line. The left half of the image shows a large, irregularly shaped, blue fluorescent region. Within this region, on the left side, there are two distinct, bright, yellowish-green spots arranged vertically. The right half of the image is mostly dark, with a faint, diffuse blue glow visible in the upper right quadrant. The text 'ABA:70474053' is located in the top left corner, and 'SPa ventral' is in the bottom left corner.
