VMH

This is a fluorescence microscopy image of a brain section. The image shows a symmetrical brain structure with a central vertical axis. A bright yellow-green spot is visible in the lower central region, indicating a specific area of interest. The rest of the brain tissue is dark blue. A horizontal white line and a vertical white line intersect at the center of the bright spot. The text 'ABA:70560278' is in the top left corner, and 'VMH' is in the bottom left corner.
