

ABA: 70919274

SCN

This image is a fluorescence microscopy scan of a brain section. It is divided into four quadrants by a vertical and a horizontal white line. The top-left quadrant contains a bright, irregularly shaped blue fluorescent region. The top-right quadrant is a solid, uniform blue shape. The bottom-left and bottom-right quadrants are dark, with only faint blue fluorescence visible along the horizontal line separating them from the top half. The text 'ABA: 70919274' is in the top-left corner, and 'SCN' is in the bottom-left corner.
