VMH

The image shows a coronal section of a rodent brain. A specific region in the medial prefrontal cortex is highlighted in blue. This region is located symmetrically on both sides of the midline, just anterior to the corpus callosum. A vertical white line marks the midline, and a horizontal white line is positioned below the brain slice. The text 'ABA:71281274' is in the top left, and 'VMH' is in the bottom left.
