

ABA:71377701

Cb lobe

A brain scan image, likely a PET or SPECT scan, showing a coronal cross-section of the brain. The image is predominantly blue, indicating low activity, with several small, bright yellow and orange spots indicating areas of increased activity. These spots are located in the upper left and center-left regions of the brain. A vertical black line runs down the center of the image, and a horizontal white line crosses the middle. The text 'ABA:71377701' is in the top left, and 'Cb lobe' is in the bottom left.
