

ABA: 71496553

SCN

The image displays a coronal cross-section of a brain, with the left and right hemispheres visible. A vertical white line divides the image into two equal halves. The left hemisphere (viewer's left) contains a small, bright blue spot in the lower-left quadrant, indicating a specific area of interest or activation. The rest of the brain tissue is shown in a dark blue color. The text 'ABA: 71496553' is located in the top-left corner, and 'SCN' is in the bottom-left corner.
