

ABA:71610778

SPa ventral

This fluorescence microscopy image shows a SPa ventral structure, likely a developing embryo or a specific tissue section. The image is divided into four quadrants by a vertical and a horizontal white line. The left half of the image shows a bright blue, irregularly shaped mass, which is the SPa ventral structure. The right half is dark, indicating no signal. The top-left corner contains the text 'ABA:71610778' and the bottom-left corner contains 'SPa ventral'.
