

ABA:71610881

CA1

This fluorescence microscopy image displays a coronal section of a brain. The image is characterized by a dark background with blue fluorescence. A distinct, localized area of higher intensity, appearing yellow and orange, is visible in the left hemisphere, corresponding to the CA1 region. The image is overlaid with a white grid consisting of a vertical line and a horizontal line. The text 'ABA:71610881' is located in the top left corner, and 'CA1' is in the bottom left corner.
