

ABA:71612181

DM

A blue brain scan image, likely a PET or SPECT scan, showing a coronal cross-section of a human brain. The image is centered on a black background. A vertical white line runs through the center of the brain, and a horizontal white line runs across the middle. The brain tissue is represented by a solid blue color. There are two small, bright blue spots at the top of the brain, one on each side of the vertical line. The text 'ABA:71612181' is located in the top left corner, and 'DM' is located in the bottom left corner.
