

ABA: 71763876

CA2/CA3

This fluorescence microscopy image displays a coronal section of a brain. The image is divided into four quadrants by a white crosshair. The top-left quadrant is labeled 'ABA: 71763876' in white text. The bottom-left quadrant is labeled 'CA2/CA3' in white text. The brain tissue is stained with a blue fluorescent dye, which highlights the cellular structure. The staining is most prominent in the CA2/CA3 region, which appears as a bright blue area. The ABA region shows a more diffuse, lighter blue staining. The overall image has a dark background, and the brain tissue is the primary focus.
