

ABA:71836803

DM

A coronal brain scan image, likely a PET or SPECT scan, showing a color-coded map of brain activity. The image is divided into four quadrants by a vertical and a horizontal white line. The color scale ranges from dark blue (low activity) to light blue and cyan (higher activity). The text 'ABA:71836803' is located in the top left corner, and 'DM' is in the bottom left corner.
