

ABA:72008120

Arc

A coronal brain scan image, likely a PET or SPECT scan, showing a blue brain structure against a black background. A vertical line divides the image into two halves, and a horizontal line is at the bottom. The text 'ABA:72008120' is at the top left and 'Arc' is at the bottom left. A small, bright yellow-green spot is visible on the left side of the brain, indicating a region of high activity or a lesion. The overall shape of the brain is roughly oval, with some internal structures visible as lighter blue areas.
