

ABA:72081816

VMH

This is a fluorescence microscopy image of a brain section. The image is divided into two main regions by a vertical white line. The left region shows a complex pattern of blue and yellow fluorescence, with a prominent yellow spot in the upper-middle section and a smaller yellow spot near the bottom. The right region is mostly dark blue, indicating low fluorescence. A horizontal white line intersects the vertical one, creating a crosshair. The text 'ABA:72081816' is in the top left, and 'VMH' is in the bottom left.
