

ABA:73497232

SPa ventral

This fluorescence microscopy image shows a SPa ventral structure, likely a developing embryo or tissue section. The image is divided into four quadrants by a vertical and a horizontal white line. The left half of the image shows a bright blue signal, indicating the presence of a specific marker or protein. The right half is dark, suggesting the absence of the signal. The text 'ABA:73497232' is visible in the top left corner, and 'SPa ventral' is visible in the bottom left corner.
