

ABA: 74581062

CA2/CA3

This is a fluorescence micrograph of a brain section, specifically the CA2/CA3 region. The image shows a blue-stained area representing the CA2/CA3 region. A vertical line and a horizontal line intersect in the center of the image, dividing it into four quadrants. The text 'ABA: 74581062' is located in the top left corner, and 'CA2/CA3' is located in the bottom left corner. The blue staining is concentrated in the CA2/CA3 region, with a small, bright spot visible in the upper left quadrant.
