

ABA:74658238

CPu medial

The image displays a medial view of a brain scan, likely a PET or SPECT scan, with a color scale ranging from dark blue to bright yellow. A prominent, bright yellow-orange region is visible in the right hemisphere, indicating a high level of metabolic or functional activity. The rest of the brain shows lower activity, represented by various shades of blue. A white crosshair is overlaid on the image, with the vertical line passing through the center of the brain and the horizontal line passing through the level of the highlighted region. The text 'ABA:74658238' is located in the top left corner, and 'CPu medial' is in the bottom left corner.
