

ABA: 75038442

CPu medial

The image displays a medial view of a brain scan, likely a PET or SPECT scan. It features two symmetrical, elongated regions of high metabolic activity, represented by yellow and orange colors, set against a blue background. A white crosshair is overlaid on the image, with a vertical line passing through the center of the two active regions and a horizontal line intersecting them. The text 'ABA: 75038442' is located in the top left corner, and 'CPu medial' is in the bottom left corner.
