

ABA:75651126

DG

A brain scan image, likely a PET or SPECT scan, showing a cross-section of a brain. The image is predominantly blue, with two distinct bright spots (yellow/orange) on either side of the central vertical structure, indicating areas of increased metabolic activity or blood flow. A white crosshair is overlaid on the image, with the vertical line passing through the center and the horizontal line passing through the bright spots. The text 'ABA:75651126' is located in the top left corner, and 'DG' is in the bottom left corner.
