

ABA:75827098

CA1

This is a fluorescence microscopy image of a brain section. The image shows a blue-stained area representing the CA1 region. The staining is concentrated in the lower-left quadrant, with a bright, elongated vertical band of signal. The rest of the brain section is dark, indicating low fluorescence. A white crosshair is overlaid on the image, with the vertical line passing through the center of the brain section and the horizontal line passing through the middle of the image. The text 'ABA:75827098' is in the top-left corner and 'CA1' is in the bottom-left corner.
